Mail Order Shopping.

When you cannot come to the store to do your buying in person, trade by mail.

Stop a moment and consider this convenient method of shopping.

Uncle Sam is a faithful transmitter of messages. Distance makes no difference.

Whether in the woods of the North, or sojourning, resting or living in the thousand and one other inviting healthful and pleasant places adjacent to Albany, all orders or requests by mail receive the same careful attention as though you were on the spot.

All orders are filled and shipped to the sender on the day received. No matter how far from the store you may be, we will serve you with promptness and dispatch.

We employ shoppers experienced in the art of buying for others in our Mail-Order Bureau. Careful, conscientious efforts are made to have every transaction prove mutually satisfactory.

No request is too large or too small to receive our earnest and immediate attention. We promise the same careful treatment, the same goods and the same prices when shopping by mail, as though you were at the counters.

Try this method of shopping when you haven't the time, or it is inconvenient to come to the store. We sell about everything for the person and home.

ALBANY STREET DIRECTORY.

Giving the name of each street, and showing what other streets and places run from it or across it with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 642 comes, you look at Broadway on the following page, and find that Van Tromp street runs from 638, and Orange street from 646, showing that 642 Broadway would come half way between Van Tromp and Orange streets.

Or, going up Eagle street, suppose it is desired to take a cross street to reach 44 High; on looking under High street you find 40 to be at the corner of Hudson avenue, so that by passing through Hudson avenue, you are near the desired number.

Where no numbers exist, ciphers (0) are given to indicate whether the street runs from the right or the left, or crosses.

It will be noticed that in this Street Directory the names of the streets are given in alphabetical order, giving the direction in which they run according to the numbers. Upon most of the streets the even numbers are upon the left hand side of the street, and the odd numbers upon the right.

REMOVALS.—Against the names in last year's Directory of those who have removed from the city, we give in this the new post-office address when it could be obtained. If in another State, both the post-office and the State are given.

RENSSELAER STREET DIRECTORY.

Giving the name of each street, and showing what other streets run from or across it with the numbers at which they intersect.

From this list the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 422 comes, you look at Broadway, on this page, and find that Fourth avenue runs from 400 and Herrick street from 500, showing that 422 Broadway would come between Fourth avenue and Herrick.

Or, going up Broadway, suppose it is desired to take a cross street to reach 1323 Second street on looking under Second street you find 1300 to be at Catharine street, so that by passing through Catharine street you are near the desired number.

Where no numbers exist, ciphers (0) are given to indicate whether the street runs from the right or left, or crosses.

The names of the streets are given in alphabetical order, giving the direction in which they run according to the numbers. Even numbers are upon the right hand side of the street, and the odd numbers upon the left.

HORACE B. SILLIMAN, of Cohoes is a Director of the COMMERCE INSURANCE COMPANY.

DEATHS.—The date of death of citizens whose names appeared in the Directory, dying during the past twelve months, is recorded against the name in the proper alphabetical place in the present book. This has been done each year since 1881, making a mortuary record of great value.

REMOVALS.—Against names in last year's Directory of those who have removed from the city, we give in this the new post-office address when it could be obtained. If in another State, both the post-office and State are given.

ABBREVIATIONS.—See page 95.

THE MUTUAL BENEFIT LIFE INSURANCE CO.
OF NEWARK, N. J.

A purely mutual company, no stock holders to control its management and absorb the profits.
All policies issued on the annual dividend plan. No dividend to be forfeited by death or surrender during a so-called "Accumulation" or "Tontine" period.
This company during its entire 60 years has been conspicuous for its conservatism and economy of management, and as a result it is the leading annual dividend paying company in the country to-day. Its policy contracts contain special and peculiar advantages not found in the policy contracts of other companies.
Liberal renewal contracts can be had in the most desirable territory in the state.

Patients who desire to enter the Hospital should make application to SISTER MARY PHILOMENA, the Sister Superior. Patients are received without regard to their religious belief.

The price of board in the general wards is \$6 to \$8 per week. Those desiring private rooms are charged according to the accommodations furnished, from \$10 to \$20 per week.

An Advisory Board of Managers was organized in 1881. All financial matters are attended to by this board. The Sisters are thus enabled to give undivided attention to care of patients.

THE AMBULANCE may be called by telephoning to the Hospital, where arrangements may also be made for its private use.

Albany's Newspaper

The Times-Union.

Consolidated by JOHN H. FARRELL.

...52d YEAR...

[Every Evening Except Sunday.]

Sells within the City Limits a Paper for every Family in Albany.

The TIMES-UNION is Independent, Fearless, Honest, Clean and prints all the news every day, giving eight or more pages as the pressure on its columns may require.

It is read every afternoon in every town and hamlet within a radius of one hundred miles out from Albany by the thrifty people who dwell therein. Four editions daily; the first for more distant places goes out by early p. m. trains, the others by later trains.

Little advertisements of Personals, For Sales, To Rent, Lost, Found, Boarders, For Exchange, etc., etc., cost only ONE CENT A WORD for each insertion in THE TIMES-UNION. No advertisement for less than fifteen cents, even if it contains only five words.

 All little advertisements are cash (or stamps) with order. They are too numerous to keep ledger accounts of them.

A certain class of advertising is *refused admission* to its columns for the reason that it is a favorite *Family Newspaper*.

THE TIMES-UNION prints and sells more papers every day than all the other dailies in Albany combined.

OUR NEW STORE.

ON the completion of this building, our new store, early in the fall, Albanians and the residents of adjacent cities and towns who make Albany their shopping center, will have cause for satisfaction and delight.

It will be a thoroughly modern store, and a thoroughly safe store. From its sub-basement to the roof, six stories on Pearl street, and eight stories on James street, it will be filled with the merchandise for which this store is noted.

Floor space will be nearly twice that of the old store.

Founded on rock, the foundations being carried to sixty feet below the earth's surface to solid rock, it will be as solid and as substantial as human ingenuity can make it. It will be absolutely fire-proof. Steel frame filled in with brick and stone.

We have been unsparing in our efforts to discover and adopt every appliance which will minister to your safety, comfort and needs. Every facility for the convenience and pleasure of the shopping world has been sought after and provided. We are able to guarantee a store that in every way will meet your requirements and compel your admiration.

Four Plunger Elevators will be used, assuring quick and safe transportation.

Installing the Pneumatic Cash System means promptness in making change.

Then there will be immense Ventilating Fans, a Telephone Circuit reaching every department, Compressed Air Sweeping Apparatus, luxuriously appointed Waiting and Resting Rooms, and many other modern features.

Having double the space in the new over the old store, permits of greater displays of merchandise, and, therefore, we have anticipated the needs of our public and placed orders with the leading manufacturers at home and abroad, so that when the doors of the new institution are thrown open for business, its great resources will appeal and carry conviction to the minds of all.

In every way we aim to perfect the service, personnel and system, have it as nearly perfect as is possible.

In the meantime we desire to serve our customers to the best of our ability in our present store, where we have gathered for them our accustomed attractive stock.

THIS STORE'S EXPANSION BUILT ON CONFIDENCE.

WHEN the extensive remodeling, which has practically been in progress for the past year, is completed, every floor in our great store will look new to our patrons.

Enlarged floor space, better service—in fact, everything that tends to comfort in shopping has been zealously looked to.

The Whitney business is built on confidence, just the same as everything else.

Albany people come here and buy because they know the store is reliable; because they know we couldn't afford to lend our name and prestige to anything that was without merit; because they know that they can almost without fail buy things here for less money than they will cost anywhere outside this store.

The store has built up this widespread feeling by years of good service, by doing little things with as much painstaking care as great ones receive; by having great and full stocks of merchandise always ready; by making the store in every feature and detail a pleasant, comfortable, cheerful place in which to shop.
